Computer Languages

- C - Intermediate
- python - Intermediate
- Java - Beginner

PROJECTS

Community service project

CSP | 2022-2022- 1 month

- It is about degitizing the shops and create awareness about online marketing
- Link: https://in.docworkspace.com/d/sINCJpI_AAYu7tKYG?sa=e1&st=0t

Design Thinking

- In this project I approach students and ask them what is reason behind to fail in examinations
- After knowing all the reasons we provide them materials and related topic videos etc.

Web Development

- Build a website for a grocery store which is located in my native village
- Technology : html,css,javascript,php

Link : https://vasanthi6303.github.io/Rk-grocery-store/

UI/UX

- Successfully completed an intensive UI/UX design course, gaining proficiency in user-centered design principles, wireframing, prototyping, and user testing. Developed a keen eye for aesthetics and functionality
- Tool : Figma

EXPERIENCE

Worked as core member of my start up team.
Start up is SRKR hostel cafe.
